RE: Radioactive Waste License-for-Delivery

Mr. Armbrust:

Attached to this letter is your Tennessee Radioactive Waste-License-for-Delivery number T-TN024-D10 issued with an expiration date of April 1, 2010.

Your license was issued with this expiration date, because a certificate of Liability Insurance was presented to the Department with an expiration date of April 1, 2010. If you provide an updated Certificate of Liability Insurance for the entire calendar year of 2010 before your license expires, your license will be amended to reflect a new expiration dated for the entire calendar year of 2010.

If a new certificate is not presented to the Department in a timely fashion your license will expire on the above mentioned expiration date.

If we may be of further assistance, please feel free to contact me at (615) 532-0405.

Sincerely,

A handwritten signature in blue ink, appearing to read "Michael Singleton".

Delivery License Number: T-TN024-D10

Date of Expiration: April 1, 2010

Pursuant to Tennessee Department of Environment and Conservation Regulations, and in reliance on statements and representations made by the licensee in application dated November 2, 2009, with attachments, and Certificate of Insurance dated March 3, 2009, a license is hereby issued authorizing the licensee to ship radioactive material described below to a licensed disposal/processing facility within Tennessee. This license is subject to all applicable rules and regulations of the Tennessee Department of Environment and Conservation and orders of the Division of Radiological Health, now or hereafter in effect.

The license authorizes shipment of any radioactive material (except special nuclear material sufficient to form a critical mass) in any chemical and/or physical form and in a quantity not to exceed the possession limit of the licensed recipient.

The licensee is authorized to ship radioactive material from the facility located at:

201 Renovare Boulevard
Oak Ridge, Tennessee 37830

into or within Tennessee to a disposal/processing facility that is licensed by Tennessee to receive such material.

The licensee shall comply with all applicable provisions of the regulations and conditions of the recipient facility's license.

Effective date of this license: January 1, 2010
